FHSAA Requirements for ECG:

All incoming 9th Grade student athletes starting for the School Year.
Any student in grades 10-12 who has never participated in an FHSAA-sanctioned sport.

Athletic Clearance Cheat Sheet

1. Go to www.AthleticClearance.com and choose the state of Florida. Create an account with a valid email address and a password that you will REMEMBER. Then click the blue "Start Clearance Here" button.

2. Select the current school year, choose North Fort Myers HS and then select the PRIMARY sport you are playing (you will be able to select MORE sports by clicking the blue "Add More Sports" button). After you have selected your sport(s), click "Next".

3. Complete ALL the fields in the **Student** tab. You MUST make sure to enter your **STUDENT ID NUMBER,** as well as the other information that is requested. Failure to enter you student ID number can delay verification of your GPA for Academic Clearance. Once everything is completed, click "Save & Continue".

4. Compete ALL fields in the **Parent/Guardian** tab. Click "Save & Continue" at the bottom once **EVERY** field is completed. Click "NO" at the bottom for Student Recruiting Services unless you want to receive informational email/mail.

5. Answer ALL the questions in the **Medical Tab.** At the bottom, click on the pinkish colored box to open up and print the 5-page FHSAA physical form. You will need it to be signed by a physician. Click "Save & Continue" once this is completed.

6. The next tab is **Signatures.** This is where you will need to electronically sign/acknowledge various forms. You must type the EXACT same name in each of the acknowledgement fields on all required forms for the system to accept the signatures. Once the student has electronically acknowledged the forms, click "Save & Continue". Parents/Guardian will then follow the same process for all signatures. The easiest option is to Copy and Paste on all signatures to ensure they are the same. Then click, "Save & Continue" at the bottom.

7. Next is the **Files** tab. This is the section you will upload all your signed documents into their appropriate storage slot. These will need to be in PDF form. There is a free app for phones called Genius Scan. You can download this, and it will turn any document into a single or multi page PDF file. It is simple to use, and you can then email PDF's to yourself to upload. The following documents will need to be uploaded:
    A. EL2- This is the Physical Packet/Form that you must have your physician use during your physical. **Upload Page 4 of the Physical and make sure it is complete and has all signatures.**
    B. EL1 – ECG Forms
    C. EL1/2S and ME1 Forms- IF Applicable
    D. FHSAA Concussion Video Certificate: https://nfhslearn.com/courses/concussion-for-students
    E. FHSAA Heat Illness Video Certificate: https://nfhslearn.com/courses/heat-illness-prevention-2
    F. FHSAA Sudden Cardiac Arrest Certificate: https://nfhslearn.com/courses/sudden-cardiac-arrest
    G. FHSAA Sportsmanship Certificate: https://nfhslearn.com/courses/sportsmanship-2
    H. Original State (Government) Issued Birth Certificate
    I. GA4: This is ONLY needed if transferring from another high school, otherwise it is not required.
    J. Proof of Health Insurance.
    K. Parent Transportation Form, signed and dated.

- Please note that many of the hard copy forms MUST be signed by both the parent/guardian AND the student. If any signatures are missing, you will have to sign the necessary items and upload the form again. All items MUST be dated as well. Pay close attention to all forms to ensure that nothing is missed.

8. Confirmation Message: This means you have submitted something for every item that was required. Please print this out and sign for your records. However, it does not mean that the student is cleared to participate. All forms and submissions must be reviewed before a student is cleared. Information regarding clearances, or if more information is needed will be sent to the email the student has on file. Their coach will also be able to help them should they have any questions.
9. ***NOTE- THAT FHSAA & STATE REQUIREMENTS ARE FOR STUDENTS TO MEET AND MAINTAIN A 2.0 GPA FOR PARTICIPATION.***
